

## Join our lending team at Kiva.org

We are dedicated to serving our community by supporting a worldwide organization named Kiva. Through Kiva we have the opportunity to lend money to low-income entrepreneurs in 77 countries. Join our lending team, Intenna Systems, Inc., so that we can work together to expand opportunity for borrowers worldwide.

## Did You Know?

**Intenna does NOT walk away after installation.** We offer quick and efficient service and maintenance on all DAS installations, followed by checking the health and operation of each DAS, remotely and physically.

## From the CEO

"Virtual connection became critical to our lives in 2020 more than ever before. In 2021, we intend to reach out on both a professional and personal level to promote adaptation, education and sharing of information."

Christopher Lange  
President & CEO

## Quarterly Quote

*"We appreciate your partnership, you truly have a great brand here. The delivery, the follow up; is as true and professional, as three dimensional as it gets..."*

Jim Sharbaugh

Penn State Health Systems  
Information Services

## Spotlight On

### Omar Prieto

Design Engineer

- Volleyball enthusiast
- started as an intern
- Lives in CO but has never been skiing
- Wishes he had the superpower of super intelligence.

"I love how each job and project differs from the next. Each day I challenge myself to overcome any and all problems and complete each task perfectly."

## Coming Up

**Intenna launches Chalk Talk, an informative series about wireless technology, where we educate you on the network engineering and consultation of a DAS. Ask us about it!**
